

# TOUR OVERVIEW

## PUBLIC & PRIVATE TOURS FOR FJORD NORWAY

### PUBLIC TOURS

Our public tours are open to everyone and led by experienced guides, offering a unique opportunity to explore Norway's breathtaking landscapes in a group setting. Scheduled on specific dates, these hikes typically require a minimum number of participants to run. It's a perfect way to enjoy Norway's natural beauty while connecting with others in a relaxed and social environment.

### PRIVATE TOURS

A personalized hiking experience tailored specifically to you or your group. Unlike public hikes, a private hike allows you to choose the route, pace, and level of difficulty, ensuring the experience matches your preferences and abilities. Led by an experienced guide, it offers a more intimate, flexible, and customized way to explore Norway's stunning landscapes, making it ideal for families, friends, or anyone seeking a more personalized adventure.
